

Love Is Letting Go of Fear, Third Edition

After more than thirty years, *Love Is Letting of Fear* continues to be among the most widely read and best-loved classics on personal transformation. Both helpful and hopeful, this little gem of a guide offers twelve lessons to help us let go of the past and stay focused on the present as we step confidently toward the future. Renowned all over the world as the founder of Attitudinal Healing, Dr. Gerald Jampolsky reminds us that the impediments to the life we long for are nothing more than the limitations imposed on us by our own minds. Revealing our true selves, the essence of which is love, is ultimately a matter of releasing those limited--and limiting--thoughts and setting our minds free. *Love Is Letting of Fear* has guided millions of readers along the path of self-healing with its deeply powerful yet profoundly humble message. Embrace it with an open mind and a willing heart and let it guide you to a life in which negativity, doubt, and fear are replaced with optimism, joy, and love.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
