

Life After Self-Harm: A Guide to the Future

In many countries there has been an alarming increase in rates of suicide and self-harm, yet the stigma attached to these difficulties often leads to sub-optimal care. *Life After Self-Harm: A Guide to the Future* is written for individuals who have deliberately harmed themselves. Developed through a major research project the contents of the manual have been informed and shaped by many users and expert professionals. Illustrated with multiple case-histories, it teaches users important skills: for understanding and evaluating self-harm for keeping safe in crisis for dealing with seemingly insolvable problems for developing coping strategies for re-connecting with life. Health workers who regularly come into contact with individuals who have self-harmed will find the wealth of practical advice in this book extremely valuable for recommendation to patients either as a self-help book, or in the context of brief therapy.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
