

The Koran Interpreted: A Translation

No other book ever written, with the possible exception of the Bible, has so dramatically influenced the course of civilization as the Koran. Yet this important text remains little understood in the West. Since its first publication in 1955, Professor A.J. Arberry's translation has been the finest one available, its magnificently written verse making the Koran accessible to a Western audience. Professor Arberry has rendered the Koran into clear and lyrical English while carefully preserving the incomparable artistry of the Arabic original. The Koran Interpreted is universally recognized as not only the most authoritative translation but also the most beautiful one in the English language.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
