

Short Course To Mental Wealth (Cj)

The Short Course to Mental Wealth is a revolutionary guide to a new way of thinking. It will inspire you to transform the destructive aggression harbored within, into the skills required to love yourself and thereby enrich your communal well-being. Free your imprisoned genie from the demands of instinct and habit and make your life wonderful. Dare to think differently and become one who will inspire others to change the world from one of speed and greed, to a world of wise creeds and good deeds. Mental wealth, unlike physical wealth, will never be lost, and the more you give away, the more you will enrich yourself.
